

HOLLIDAY PARK ROCK GARDEN & BEYOND

2016 Learn & Labor Workshops

*Sponsored by Friends of Holliday Park and
all sessions led by Chris Turner of uTopos.*

Fridays 9 – 11 a.m.

- | | |
|---------------------|--|
| April 1 | Spring clean-up |
| April 15 | Tree planting – Getting a tree off on the right foot can reward you with more rapid growth and longer life. |
| April 29 | Dig and Discuss |
| May 13 | Rain Gardens – These gardens are all the rage with landscape architects. What are they and what are their benefits? |
| May 27 | Dig and Discuss |
| June 10 | Staking and pinching – As our gardens get lush and full, it's time to make sure that doesn't translate into floppy and fallen. |
| June 24 | Dig and Discuss |
| July 8 | Ten easy perennials – Some perennials are just well-behaved. I will share some of my go-to selections. |
| July 22 | Dig and Discuss |
| August 5 | Insect pests – Late summer brings a peak in insect populations. Should you control them and how? |
| August 19 | Dig and Discuss |
| September 2 | Vines – Vines are a great way to add height and variety to your garden. |
| September 16 | Dig and Discuss |
| September 30 | Angels Trumpets – The new “tropical” border in The Ruins features a variety of these exotic beauties. |
| October 14 | Dig and Discuss |
| October 28 | Forcing Bulbs – Not only is it time to be thinking about bulbs for your garden, but if you pot up a few, you can enjoy them in the depths of winter. |

All sessions held rain or shine. FREE, no registration required. Tools & refreshments provided.
Sessions qualify for volunteer/training hours for Master Gardeners.
